ACTIVWEAR.CO.UK

Purpose

We have developed a brand that can adapt to any industry, whether it be sport and leisure, team wear, work wear or uniform. It is not us that creates a product for you, but you who designs the product for us to create!

Our legacy began in 2020. Already involved in the printing industry we could see that there was a need for people to have the ability to have a say in their own designs. Today we offer unique creations that will help individuals, teams and businesses to stand out from others in this ever advancing world.

We have a background in a range of print and embroidery techniques and this has advanced into manufacturing and design, which leads us to where we are today.

Vision

We aim to create a future in personalised garments that you can be proud to wear.

Values

Be the best

We will endeavour to give you the best customer service, designs & products.

Quality

Offer the best workmanship and garments.

Value

Deliver unique items at the lowest prices.

Communication

Create a customer service which puts you, as the customer, first.

ActivWear - designed by the team, for the team
